

## BATTLEFIELD ONLY PLACE TO SETTLE GREEK NATIONALISM

Will Sign Armistice If the Questions at Issue Are Considered There

### SCHEME TO GET LASTING PEACE IN THE BALKANS

Plan Is for Three Numerically Equal States—No Desire to Create Difficulties for the Great Powers.

London, July 15.—A Saloniki despatch to the Times, says: Greece is prepared to sign an armistice only on condition that the frontier questions, the payment of indemnity by Bulgaria and guarantees for the welfare of the Greeks under Bulgarian rule shall be settled on the battle field. The Greek and Serbian plenipotentiaries are meeting at Nissa to discuss the situation.

"Premier Venizelos is now of the opinion that the creation of three numerically equal states is the only way to secure a lasting peace in the Balkans. Greece was previously prepared to admit that Bulgaria might have a population 1,000,000 in excess of Greece."

The Greek premier further refuses to oppose the annexation of Thracian Bulgaria, although many of his countrymen consider that this attitude sacrifices the interests of his country. But he says that he has no desire to create difficulties for the great powers, and will be content with adequate guarantees for the future of Greeks in Thracian Bulgaria.

"King Constantine agrees with Premier Venizelos on these points."

#### Position of Serbia.

Belgrade, July 15.—The report that Serbia refuses to enter into peace with Bulgaria is without foundation. She is only waiting for the arrival of persons who have full particulars, to open the discussion of peace. After their signatures have been attached to a demand for negotiations, hostilities will cease at once. It is officially stated that quiet prevails today along the whole frontier, except at Zeytchar where some unimportant skirmishes have occurred.

**Turkish Delegates Recalled.**  
Constantinople, July 15.—The Turkish delegates to the Balkan financial commission at Paris have been recalled. The Turkish army is advancing and have arrived at the Silivri-Belgrade forest line. River Eya's forces have been recalled. It is understood a Serbian-Turkish agreement has been reached but it is awaiting ratification from Belgrade before being signed.

**Only Outpost Engagements.**  
Belgrade, July 15.—The only outpost engagements along the frontier occurred yesterday. It is reported that Bulgaria has made direct overtures to Serbia for an armistice.

**Commander Uses Ruse.**  
Saloniki, July 15.—The Greek plenipotentiaries of naval commission have been induced to evacuate the town by a ruse of the commander of the Greek fleet, who managed in a manner to lead the Bulgarians to think that a large force of Greeks was being landed.

**Greeks Are Accused.**  
Sofia, July 15.—It is confirmed that General Ivanoff has effected a splendid retreat.

Some official statements have been issued accusing the Greeks of setting fire to the town of Serres and declaring that the Bulgarians attempted vainly to get the fire under control. Other statements charge the Greeks with wholesale massacres and atrocities at Serres and elsewhere in Macedonia.

**Outrage At Danilov.**  
London, July 15.—King Ferdinand of Bulgaria, in a telegram dispatched from Sofia on July 12, informs the Evening News:

"The stories and reports which the Greeks and Serbians have been spreading in Europe concerning so-called outrages committed by their troops upon Greek and Serbian populations in Macedonia are absolutely unfounded, and are published with the object of creating a bad impression."

King Ferdinand proceeds to tell of the liberties enjoyed by the people of Adrianople without any restriction of nationality and class with the exception of systematic attacks and persecutions have been directed against the Bulgarian element in Macedonia by the Greeks and the Serbs.

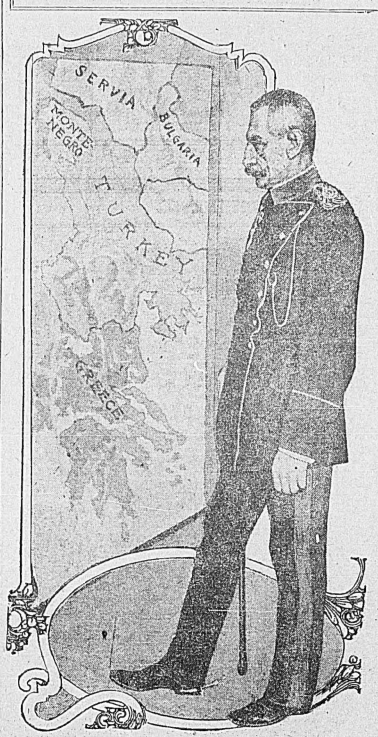

**Must Fight It Out.**  
London, July 15.—The Balkan situation will end by a process of mutual exhaustion, says the only opinion that Sir Edward Grey, the British foreign secretary, is able to hold out. In a statement to the House of Commons he said that there were words not likely to affect the situation and it would be most difficult for the European powers to resist to force to impose peace.

Near Serbia Mr. Grey has paid much attention to Russia's proposals that they cease hostilities. They are deemed to be unworkable, with Bulgaria only on the field, without intervention by any third party, and unless Bulgaria prove against the power of an advance will be made upon Sofia to enforce acceptance of the Serbian-Greek terms.

Serious fighting for the time being is suspended, but the advance of the Turkish and Bulgarian troops continues without opposition. A Belgrade report says that Serbians on Sunday captured an important position eight miles west of Kustendil.

According to the Athens correspondent of the Daily Telegraph, Greece and Serbia signed a secret treaty last May binding them to prosecute war, whether forced or not, with Bulgaria and under

## KING PETER OF SERBIA SURVEYS THE WAR MAP.

Now that he has thrown his army into Bulgaria he is wondering what share of the former Turkish territory will be in his hands in view of the fact that he has helped to defeat Bulgaria, who made war on him and the King of Greece, in hopes to get the lion's

## REMARKABLE TOUR OF ROYALTY ENDS

King Expresses Appreciation of Everything on the Lancia-Ship Journey.

London, July 15.—The remarkable tour of the king and queen in Lancia-Ship came to an end yesterday. It was a record tour, the busiest of its kind ever undertaken. It began last Monday and continued daily with automobile runs with knowledge, Lord Derby's car as the center.

The king and queen inspected the factories and cottages in the colliery district and industrial towns and received addresses and presentations innumerable. Everywhere they met with extraordinary enthusiasm.

The royal tour reached Buckingham Palace last night. In a letter to Lord Derby the king reviewed the tour and warmly expressed his appreciation of everything.

The Bulgarians acquiesced in the territorial arrangements laid down in the treaty. By these arrangements the eastern borders of Greece would be extended to the Aegean Sea, considerably to the east of Drama, and Serbia would have access to the Aegean Sea at two points.

**Hope For Agreement.**  
London, July 15.—In the house of commons last night Sir Edward Grey, British foreign secretary, replying to a suggestion that an armistice should be forced on the Balkan states, said: "It was impossible to exaggerate the horror of the war."

Bulgaria had asked Russia to aid in securing peace and Serbia and Greece had asked to assist hostilities upon certain conditions. As to Turkey, he said that it could not be of long duration and no complications ought to arise endangering the European concert.

There was every reason to believe, he concluded, that matters would be brought to a satisfactory termination.

**Massacre Is Reported.**  
Sofia, July 15.—The Mayor of the town of Thracia, who has been killed at Leffra, and occupied the town of Thracia. The Greeks massacred the whole Bulgarian and Muscovite population.

**Greeks Massacre Five Hundred.**  
Saloniki, July 15.—The Greek commander reported that he had been fleeing from the advance of the Greeks yesterday burned the village of Duxa and the town of Drama in the Thracian peninsula and Kavalas and massacred 500 of the inhabitants. Heavy fighting ensued as the Greeks advanced upon the town of Drama 30 miles north of Serres. The Bulgarians fled in disorder, leaving 20 wagon loads of ammunition on the field.

## CANADIAN MARINERS COMPLAIN ABOUT LIFE IN SERVICE

Declare That in the West People Are Ashamed to Be Seen With Them  
ASSERT THAT PROMISES WERE NEVER FULFILLED  
Pay Is Considered Entirely Too Small—Opportunities to Earn Money Alleged Given to Civilians.

Montreal, July 15.—The contingent of 40 mariners who have just quit the cruiser "Hawbox," on the Pacific coast, and who sailed for Richmond last night in the Royal Edward, will undoubtedly give the Canadian naval service an advertisement, not only for its failure in terms as the habit of sailors, but it is to be feared that the advertisement, while gratuitous, will not be so favorable as to cause a rush of recruits to fill their vacant places. As seen on board, they looked somewhat like British Jack tars and they were every one of them "out of wearing the uniform, which some of them still retained, although they were going home on pension after three years here and 12 years in the Imperial fleet. But their first grievance was that the naval uniform was not as good as the civilian one in Canada, though they spoke of the worst, admitting that they had only sampled Montreal for one day.

**Touche His Coat.**  
"People in the west look down upon us for wearing this," he jeered, touching his coat; "they seem to think we are in a class all to ourselves and that we will not be considered as men at home it is just the opposite, as the ordinary Englishman honors the naval and naval uniform. But who people here should be ashamed to be seen taking with the men who defend their shores is most difficult for us to understand."

One of the officers, who was quietly smoking a strong pipe as he leaned against the ship's bulwarks, was highly ironic in tone at first when he was asked about the Canadian navy.

"Oh, everything was fine. The voyage was a success and the crew was well behaved. They were going home after three years because he was disappointed with the service."

**Talk of Peace.**  
Promises made at the time the three-year agreement was entered into had not been kept by the government. The pay was utterly insufficient so far as the west was concerned, so that it was impossible for a man to support his wife and family over to this side.

If he went shore at Vancouver for a few days and indicated his wish to be in most places be a very ordinary expenditure, his whole month's salary would have vanished.

"But we were promised," he said, "that we would be able to supplement our income in various ways, that certain jobs would be open to us. 'What happens?' As soon as a decent job is going, some civilian who knows nothing about the sea or a man of war is dropped into it as a political reward. There are no decent jobs in the dockyards that could have been given to ordinary men without having to let out to men that don't know the A.B.C. of naval matters."

**Another Flood.**  
The Kingston district, which was the origin of the trouble, is now under water. Heavy rains develop into a cloudburst and river rises rapidly.

Zanesville, Ohio, July 15.—Residents of Zanesville feared a repetition of the March flood, but a repetition of the heavy rains which started late yesterday night did not materialize. A cloudburst with rainfall of 4.15 inches, less than half an inch below the rainfall which caused the March flood.

More than 20 bridges were washed away, crops were ruined throughout the western Ohio, the city of Zanesville, those to farmers, were estimated from \$200,000 to \$300,000.

The Mansfield river rose 14.5 feet within a period of eight hours, but last night the waters began to fall and the stage came down to five feet lower than the high water mark.

"Thousands of acres in the low lands of the county are under water. In the city 30 houses were estimated to be under several feet of water."

In the flood district, many found the water approaching their homes rapidly and they moved their furniture to the upper floors.

Columbus, Ohio, July 15.—A severe wind, rain and electric storm is raging over western Ohio, in the vicinity of Springfield and Dayton. All wires are down. According to a message from Springfield, rain is falling there in torrents.

**Death Sentence Commuted.**  
Prince Albert, July 15.—According to despatches received from Ottawa the cabinet has commuted in life imprisonment the death sentence of Charles Bragdon. Louis Lusk, the other death sentence, has been granted a new trial for the same murder.

## WILSON SCORES ON APPLICATION RAILWAY DISPUTE

Not Only Averts Great Strike Now, But Provides Permanent Commission.  
MEASURE TO BE MADE INTO LAW BY TONIGHT

Representatives of the Conductors and the Trainmen of the Roads to Meet Magistrates to Settle Differences.

Newlands Bill Reported.  
Washington, July 15.—Bullitt—The house judiciary committee, which returned to New York from its tour of inspection of the railroads and their employees, Chairman Clayton was agreed to call the bill up for passage when the house meets at noon.

New York, N. Y., July 15.—President Wilson's bill for the settlement of the railway dispute, which was introduced in the house of representatives, is expected to be made into law by tonight.

The situation of the railway dispute is expected to be settled by the bill, which is expected to be made into law by tonight.

Representatives of the conductors and the trainmen of the roads are expected to meet magistrates to settle differences.

## WEST POINTER LET OUT OF JAIL TO REFORM IN CANADA

Member of Well-to-do American Family is Pardoned on Condition that he Will Enter Business in British Columbia and Stop Using Drugs.

St. Paul, Minn., July 15.—Daniel F. Keller, while under the influence of St. Paul, a West Pointer graduate and a member of a well-to-do American family, was pardoned by the state board of pardons yesterday, after having served a half of a two-year sentence for grand larceny. He was given his freedom on condition that he go to British Columbia and that he refrain from the further use of drugs, to which he had become addicted before the crime.

He was extradited through the influence of the United States authorities and brought back to St. Paul for trial. During his incarceration he has been cured of the drug habit and is prepared to go into business in British Columbia with the financial assistance of his mother.

## Bernard Shaw Cynical as to Football and Theatre

Refers to the Fact That the English Nation is Willing to Aid the Game of the Pigskin. But Will Not Endow National Playhouse.

London, July 15.—At a private performance of George Bernard Shaw's "The Shewing up of Blanco Posnet," at the court theatre, yesterday afternoon by the Irish players, a letter was read from Mr. Shaw, in which he referred cynically to the fact that the English nation "has just enthusiastically given a huge sum of money to buy the Crystal Palace for the purpose of the football cup finals to which it is consecrated in all English hearts, but refuses to endow a national theatre."

Mr. Shaw added that it was unable to present that afternoon because he had to attend the meeting of the executive committee of the Shakespeare memorial national theatre, where he had to make a proposal to add to the national theatre scheme "a foot" of ground and a race course.

Mr. Shaw added that cynicism at the Crystal Palace for the purpose of the football cup finals to which it is consecrated in all English hearts, but refuses to endow a national theatre.

Winnipeg, July 15.—Walter Eves, who is in custody on the charge of the murder of Mrs. A. M. Handcock on January 4, was yesterday pronounced insane by the provincial examiners and will be taken to the Selkirk asylum for the insane today.

After the shooting of Mrs. Handcock he turned the gun on himself, inflicting a wound on his left temple, which was not expected to prove fatal. His life was saved, but his reason as well as his eyesight was lost. Walter Eves, of Duhai, American waterwrecker champion, the match to be staged here July 24.

It has been necessary to keep a constant watch upon him. Should the man recover his reason, he will still be required to stand his trial for the murder which he is believed by the authorities to have committed.

**WALKER TO FIGHT MILLER.**  
Port William, July 15.—George Walker, the Canadian professional champion middleweight wrestler, who is now making this city his home, has been matched with Walter Eves, of Duhai, American waterwrecker champion, the match to be staged here July 24.

After the shooting of Mrs. Handcock he turned the gun on himself, inflicting a wound on his left temple, which was not expected to prove fatal. His life was saved, but his reason as well as his eyesight was lost. Walter Eves, of Duhai, American waterwrecker champion, the match to be staged here July 24.

## A STRAIGHT TALK TO THE Savings Bank Investor

Movement in the Real Estate world is quiet now and these conditions call for special selling systems which were not necessary when things were booming.

The result is that the small investor has to be contented with the Savings Bank or else wait years for a profit on his cheap buy. While Western Canada Real Estate is all good buying and profit is sure, this long delay reduces the actual profit because of the loss of interest in the interval.

Our proposition fits the person with the \$10 or \$20 bill equally with the \$100 bill and the proportion of profit is the same, for all.

Co-operative BUYING and co-operative SELLING is our motto, and this spells big things for you if you have the eye to see the possibilities of the system.

One of our clients, in safeguarding his interests, consulted his lawyer in our presence and the result was he invested over \$1000 in the proposition and today he is one of the greatest boosters of our system.

When things are moving along briskly and sales are easy, any old style of selling is good enough to get results, but when the lean time comes the Salesman of experience is left alone in the field and he generally makes good, because he doesn't expect any results without putting some effort into his work.

Our system has been submitted to a few local experienced business men and they all endorse our opinion that it cannot fail to make good.

Your \$10 bill invested in this proposition will bring you two, three and even four times the amount back in profit in the course of the next few months and your liability is strictly limited to the amount of your investment.

Get busy with that letter and get in touch with us at once and then sit up to you to size up our proposals for yourself and we are satisfied you will admit that in six months there will right.

Neglect to avail yourself of this opportunity places you in the same position as the man who failed to grasp his chance of buying Revenue producing locations a few years ago for a small amount and now has nothing but regrets for his lack of foresight and belief in the opportunities of the West.

Our business reputation will bear the strictest investigation and our record of success in the last six months will show you that notwithstanding the tightness of money we can sell.

In conclusion, remember, it's the \$10 bill we are after just as much as the larger amounts. Don't pass this chance over imagining that it is not meant for you. IT IS. We have a good thing to offer and the more people we can interest the better we shall be pleased because it means greater business connections for us in the long run.

The soundness of our proposition has already been endorsed by a number of shrewd local business men to the extent of over \$5000.

**NEBRASKA FARMERS EN ROUTE TO PEACE**

Party of Twenty From York County Go North to Take Up Land.

A party of 20 well to do farmers and their families, from Iowa and Nebraska, arrived in the city last evening and left this morning for Alhambra, Landing on route to the Peace River country where they will make their future homes. W. L. Downing, of York, Nebraska, who is in charge of the party, stated to a Capital representative that this was only the advance guard of a large party which will form a Nebraska-Kansas settlement somewhere in the fertile north. "I know of at least 80 families in York county alone who have decided to migrate to Canada," said Mr. Downing.

"The majority of them are well to do farmers, who have made considerable money in the western states when they were in the course of development and now the younger generation is planning to follow in the footsteps of their fathers and are looking for a growing country. There is but little chance for the industrious farmer in the central and western states these days. One must have plenty of capital and is not allowed to farm on a more or less restricted area. In this country there is an abundance of land only waiting for the plow."

Mr. Downing was in Edmonton last August and at that time made a trip to the country and returned. He then returned to Nebraska, and told his neighbors what he had learned. The result is the party which arrived today. It is estimated that this party alone brought in close to \$100,000.

**"I AM SATISFIED I COULD NOT LIVE If It Were Not For 'Fruit-a-Lives'."**

FRUIT-A-LIVES, Ont., Jan. 29th, 1910. "For thirty-five years and I am now a man over seventy I have been a terrible sufferer from Constipation. No matter what remedy or physician I employed, the result was always the same—impossible to get a cure. About two years ago, I read the testimonial of John, John Coughlin regarding 'Fruit-a-Lives' and I decided to give them a trial. I have used 'Fruit-a-Lives' ever since. They are the first and only medicine that suited my case. If it were not for 'Fruit-a-Lives', I am satisfied I could not live."

Mr. Proudfoot is one of the prominent farmers of Prescott County and has been Treasurer of Caledonia Township for 'Fruit-a-Lives' is sold at 50¢ a box, 6 for \$2.50—trial size, 3¢ a box, or from Fruit-a-Lives Limited, Ottawa.

**FORT GEORGE BUSY BUT NOT BOOMED**

Business Men Report That Trade Is Brisk and Really on a Fair and General Basis.

W. R. Elliot, of Fort George, arrived in the city this morning on the G. T. P. train from the west. Mr. Elliot reports that Fort George business is as brisk as ever, although there is not so much demand for real estate, as there once was, but there has been a decrease in prices whatever, and one of the B. C. Co. is connected up with the outside world by the railway, the indications are that the town will do ahead very rapidly. Scarcely a day goes by but from one to ten newcomers arrive in the town with the intention of locating in the district surrounding.

**MERCENARY BARBERS TO BE WATCHED BY POLICE**

Another Case Reported to Them by Two Strangers Who Declared They Had Been "Cutting."

Two Belgians, who had just come in from the grade, walked into the detective's office yesterday, and in broken English and very valuable Flemish, told of being badly "stung" in a local barber shop. They complained that they had gone into the place with the intention of procuring a hair cut and shave and that unknown to them they had run up a bill of over \$4.00. They thought that perhaps the official could do something for them, but the work had been done by one of the men and they had been a party to it. It was impossible to do anything.

That there is more or less of this class of work done by the "mercenary artists" of the city is certain, say the police.

There is a case on record at the police station of a young man who unwittingly ran up a bill of \$3.50, and who had not the amount with him, and he was obliged to leave a watch for the police. He complained to the police and they got back his watch for him.

The matter of barbers running up bills on persons who are unaware of the cost of the work is going to be investigated by the police authorities and steps taken to stop the practice.

**TRAFFIC BYLAWS MUST BE HEEDED, SAY POLICE**

Determined to Stop the Practice of Speeding and Turning Right Violently in Crossed Districts

That the police of the city are determined to stop the practice of speeding with water, as well as other infractions of the traffic bylaw is certain from the number of summonses that have been issued in the last few days.

The service of 14 of these blue documents kept the process servers for the court busy yesterday afternoon, and that number of individuals or firms will appear within the next few days to answer to charges.

There is a habit that is growing more prevalent, according to Chief Carpenter, and that is the violation regarding the centre line of the streets.

Automobile and other vehicles have been going nearly anywhere they could find space to move and the traffic bylaw which distinctly states that vehicles must keep to the right of the street has been disregarded.

The violations of the motor vehicle act have also been flagrant recently, particularly the habit of turning corners much too speedily in the centre of the city, where pedestrians are in danger.

**FIVE MORE TEMPORARY SCHOOLS TO BE BUILT**

Contracts Let for Vermilion Avenue, Allendale, Highlands, Elm Park and Northwood Extensions

To meet the ever-increasing congestion in school accommodation in the city, the building committee of the school board has let contracts to Geary and Jamieson for the erection of temporary two-room schools, at Vermilion Avenue, Allendale, Highlands, Elm Park and Northwood extension. The price of each school was \$3,896.50.

Owing to the no construction of the McCauley school district, it has been found necessary to again utilize the temporary school on Spradacre avenue and the contract for the renovation of the premises by the installation of the Crow's Nest school, and the putting in of a basement, was awarded to G. Hovey. The alterations will involve an expenditure of \$1,425.

A communication was received from Head-Macdonald-Brewster, limited, stating that the construction of the King Edward school would be delayed for two weeks owing to the failure of the Crown's Nest school to supply stone in accordance with their agreement.

**MR. LITTON'S OCEAN.**

Count Zepplin is contemplating an airship trip across the Atlantic, as a matter of international courtesy, he is not selecting a time when Sir Thomas Lipton is not using the ocean—Washington Star.

**TO SEEK NATURAL GAS.**

Saskatoon, July 15.—The city council last night decided to engage W. R. Martin, of Medicine Hat, to make a thorough investigation of the surrounding country for natural gas. The contract passed estimates for the year, amounting to \$1,021,268.38, and the city will be in a position to supply gas to its citizens.

**ST. BONIFACE WANTS LOAN.**

Winnipeg, Man., July 15.—At the meeting of the St. Boniface council last night, a public notice was read calling for tenders for a \$345,890 loan, the money to be spent on the construction of a \$500,000 waterworks. expenditure. Bids will be received for the same until August 1st.

**FINDS \$1,500,000 TO SAVE ON EXPENDITURE**

Commissioner Harrison Tabulate Reports From Heads of Departments As How to Cut Down Public Work.

The reports from the heads of all departments in the matter of curbing expenditure for the current year were tabulated yesterday afternoon by Commissioner Harrison. He stated that approximately \$1,500,000 could be saved by holding up the work as recommended in these reports. This, of course, will only be done in the event of the payments not being made on the debentures.

In the street railway, telephone, electric light and fire departments, a curbing of expenditure of \$400,000 can be effected. A large portion of the balance would be saved by cutting down the paving program and holding up some of the sewer and water main contracts.

Union Brothers, the sewer contractors, met with the mayor and commissioners yesterday afternoon to discuss the curbing of the sewer contracts which have been awarded to this firm. These contracts total over a million dollars. Mr. Ulen stated that the material for the greater part of work was on the ground and it would be a serious loss to his company if any great portion of the work were to be cut out.

Mr. Ulen informed Mayor Short that he believed the payments coming due on the debentures would all be met by the city. He stated that if any portion of the work was to be cut out, it would be the underwriters of the bonds and not the city of Edmonton who would be injured. He then stated that he would again take the matter up with him on his return from Saskatoon later in the week.

**PRIZES FOR THE BEST COOKING BY CHILDREN**

One of the Features at the Edmonton Exhibition to Encourage Development of Domestic Science.

That the dairy products and domestic manufactures may be properly taken care of at the exhibition this year, the southwest corner of the stock pavilion is being fitted up for this purpose. The contract for repairing and fitting up a lecture room in this part of the building has been awarded to the Dunlop-Johnson Construction Co. The exhibits of the home of trade will also be given a place in this new building.

John Baxter has secured handsome cups, which will offer for the best collections of grain, fruit and vegetables, which will be on display in the southwest corner of the stock pavilion. These prizes will be divided so as to cover the best home of trade exhibit, the best domestic exhibit, the best individual farmer's exhibit, the best 50 pounds of butter, and the best 40 pound tub of butter.

To encourage domestic science, Mr. Baxter will also award cups for the best exhibits of cooking done by children. The exhibits in this line will be given space in the new building, where they will be displayed to good advantage and should be one of the most attractive features of the exhibition.

Fuller particulars may be secured by referring to the notice list, copies of which may be secured by applying to Manager Stark at the exhibition office on the fifth floor of the new civic building.

**OBITUARY.**

The seventh of July, nineteen thirteen, marked the passing of one of the world's pioneers of industry in the person of Joseph Storrs Fry, of Bristol, England.

Mr. Fry was born in 1826 in his native city of Bristol, where his remarkable career has been chiefly devoted, and where his immense factories are located.

As a business man of remarkably comprehensive breadth of vision and capacity of detail, Mr. Fry's death will be a matter of regret to his world-wide business associates. Greater than this regret, however, for the loss felt by the 6,000 employees who have learned to love his outstanding qualities of sincerity and benevolence.

For 70 years, without a break, he applied his successful endeavors to the building up of a business which is now second to none in the world.

Each morning at 6 a.m. without exception, he presided over a large devotional gathering of his workpeople, or the services of a similar nature held, simultaneously, throughout the world.

As a philanthropist, Mr. Fry exhibited a generosity of the highest order. Indeed it would be difficult to judge the full extent of his munificence.

In private life he was distinguished by his kindly old-world courtesy which was extended to rich and poor alike, and which was uniformly fast and disinterested in the stress of modern sympathy will be extended to the bereaved family.

The sombre cloud of grief, however, will be lightened by the remembrance of many kindly acts in a long life spent in service and devotion to his Maker and his fellow creatures.

**WARMEST WELCOME FOR MANITOBA NIGHTINGALE**

Miss Edith Miller, Canadian Singer, makes a Successful Debut at the Opera House in London.

Montreal, July 13.—A special London cable says:

"The Canadian Opera House on Saturday night Miss Edith Miller, the Canadian mezzo-soprano, known as 'Manitoba Nightingale', made a successful debut on the operatic stage in the role of Maddalena in Verdi's 'Rigoletto'."

Madame Miller, who is only 21, is of the French Canadian race, and she and the other leading artists were the Irish tenor, John McCormack, and the Canadian soprano, Miss Maudie. The audience, which was both large and fashionable, gave the Canadian singer the warmest welcome. She and the other leading artists were called back several times after the curtain. Madame Miller generously sang her colonial compatriot the central place in the triumph.

Miss Miller is to be married on July 23 at St. George's, Hanover Square, to Col. Arthur Arneson, grandson of Sir James Harkness. Arneson, Lord Strathcona will give the bride away. The honeymoon will be spent at the couple's special object being to visit Miss Miller's mother at Portage la Prairie.

**South Side News**

While working in a sewer at the corner of Whyte avenue and Fifth street west, yesterday, H. Ensky, a laborer, was knocked down by a car on the street car. Although badly bruised, it was found on examination at the south side hospital, that none of Ensky's bones were broken.

Walter Llewellyn Jones, the four-month-old son of William Jones died at Highland park yesterday. The funeral will be held tomorrow, from the family residence to Mount Pleasant cemetery.

**North Edmonton**

A. Trounson, a well-known North Edmonton farmer, had his collar bone broken yesterday, when a three-horse team which he was driving bolted and overturned the rig.

North Edmonton is rapidly recovering from the disastrous fire of May 21st. The new premises for Brier's general store have been completed and occupied. All the other premises destroyed, which are being rebuilt on a larger scale, are nearing completion.

The North Edmonton-Isles of the Canadian Order of Foresters attended service at the North Edmonton Methodist church on Sunday. Some 30 Foresters took part in the parade.

**DON'T WANT THEM BACK IN THE UNITED STATES**

Immigration Commissioner Would Turn Away Those Who Spent Time in Their Sick Relative

Winnipeg, July 15.—Some months ago John and Katherine Sahik, Russian Poles, who for 11 years had lived at Ufa, came here on urgent summons of Mrs. Sahik's stepfather, Vachekch Pokoski, who they found very sick with five destitute children on the homestead near Shortcliffe, Man. They put Pokoski into a hospital and arranged for the care of the five children, but the sickness and the burial of the baby made a heavy drain on their spare capital and they had barely enough money to get back to Ufa, when stopped by the U.S. immigrant official, who now refuses them admittance. The case has been referred to United States Consular Agent at Montreal, but meanwhile the family is destitute and is being looked after by the special charities. Sahik could not prove his American citizenship, to the officers, who claimed he is indigent.

**SIX KOREANS SENTENCED.**

Taiku, Korea, July 15.—The six Koreans charged with the attempted assassination of Governor-General Terachi, were convicted by the court of appeals yesterday and sentenced to six years imprisonment.

At the previous trial, the Seoul appellate court sentenced five of these defendants to six years imprisonment, and one to five years.

**DIAMOND RING FOR COLEMAN.**

Winnipeg, July 15.—D. G. Coleman, departed yesterday to succeed A. Price, as general superintendent of the Canadian Pacific railway at Calgary. He was presented with a diamond ring at a farewell luncheon given in his honor on Saturday by the Manitoba superintendents and other officials of the C. P. R.

**DIES SUDDENLY IN BED.**

Minneapolis, Minn., July 15.—Thomas Cressy, of Ashtabula, Sask., while visiting friends here on his way to Rochester for treatment, died suddenly in bed yesterday morning.

# From Base in BY THOUSANDS TO BIG DOMINION FAIR

Formal Opening of the Exhibit  
Is Attended by the Most  
Favorable Auspices

PREMIER OF MANITOBA  
MAKES CHIEF ADDRESS

He and Other Speakers Refer  
to Benefit to Be Derived by  
All of Canada From Holding  
Such Gatherings.

Brandon, Man., July 15.—In the presence of an assemblage estimated at between 15,000 and 20,000 persons, Sir Edmund P. Roche, premier of Manitoba, formally declared the big Dominion Fair open at 5 o'clock this afternoon. The formal opening took place under the most favorable auspices. The weather was of the real exhibition variety, not a cloud marred the sky.

In addition to the address delivered by the premier, speeches were also delivered by Hon. G. H. Caldwell, minister of Education; J. A. M. Atkins, C. P. M. P., Hon. George Lawrence, minister of agriculture; T. C. Norris, leader of the opposition in the Manitoba legislature; Mayor Fleming and members of the fair directors.

The remarks of the premier as well as of the other speakers dealt chiefly with the importance of the Dominion fair to not only this city and to the west, but also to Canada generally.

Much Flattering Comment.  
The great benefit to the farmers, business men and citizens generally, derived from the holding of the fair, was referred to and very flattering comment on the preparations made by the directors for handling the immense influx of visitors.

This morning the grounds were filled with a great crowd of eager sightseers, awaiting the formal opening of the exhibition. Every train arriving in the city today has brought in hundreds from all parts of the Dominion. All the railways running into this city have special rates in effect for the fair, those rates being applied from one end of the Dominion to the other.

Though all the hotels have made arrangements for accommodation of the thousands who will arrive here in the next few days in hand and no trouble is now anticipated in this direction.

Several New Structures.  
In order to provide accommodation for the great increase in exhibitions natural to the holding of the Dominion fair here, the directors this morning have also erected several new structures, the whole representing an expenditure of nearly \$75,000.

One of these new buildings is the fine handsome \$50,000, free good grandstand, admitted to be one of the most modern structures of its kind in the Dominion. Another improvement carried out this year is the new race track which is said to be one of the finest in Canada.

Judging does not commence until Thursday, and the race program which has a total purse of over \$20,000 starts tomorrow.

LITERARY NOTE.  
Great Chesterfield has been convicted of criminal libel. Evidence has been given by its brother, the great G. K. C., but without any serious damage to the reputation of Chesterfield.

### REVISED REPORT REGARDING CROPS SOWN THIS YEAR

As to Wheat the Estimates Are Entirely Confirmatory of Month Ago.

TOTAL AREA IS 57,000 ACRES OVER LAST FALL

Oats and Flax Show an Increase Compared With a Season Ago and Decreases Seen in Rye and Hay and Clover.

Ottawa, July 15.—Reports received from correspondents at the end of June enable the census and statistics office to issue finally revised estimates of the areas sown to spring crops this year and also estimates of the areas devoted to the winter sown cereals and food crops.

With regard to wheat, the reports are entirely confirmatory of those issued a month ago, and the area under wheat in Canada, therefore, finally placed at 2,810,000 acres, or 27,000 acres more than in 1912.

The area in spring wheat is 2,800,000 acres, or 13,100 acres more than in 1912, and the area to be harvested of fall wheat remains at 825,000 acres. Data are estimated to occupy 1,440,000 acres, an increase of 429,000 acres; flax 1,130,000 acres, an increase of 15,000 acres; rye 127,000 acres, a decrease of 8,910 acres; and hay and clover 7,021,000 acres, a decrease of 12,000.

The acreages under the later sown cereals and food crops are estimated to be as follows:

Buckwheat, 263,000; flax seed, 1,138,000; corn for husking, 200,800; beans, 58,881; potatoes, 97,800; turnips, etc., 215,000; sugar beets, 10,250; corn for fodder, 277,000.

These are increases in the case of potatoes, turnips, etc., sugar beets and corn for fodder, but decreases in the case of the other crops.

In Northwest Provinces.

For the three northwest provinces of Manitoba, Saskatchewan and Alberta the total wheat is finally estimated at 9,013,000 acres, as compared with 8,940,000 acres last year; that of oats at 5,035,000 acres, compared with 4,913,000 acres, and that of barley at 877,000 acres, compared with 700,000 acres—these differences representing increases of 50,000 acres for wheat, 122,000 for oats and 177,000 for barley, 101,000 acres for the three crops.

During the past year throughout Canada, maintained generally the average of about a month ago. On June 30 the condition of the crop in percentage of the usual standard of 100, taking as representing the promise of a full crop as follows:

Fall wheat, 87.11; spring wheat, 87.80; oats, 87.11; barley, 88.9; rye, 86.95; peas, 87.15; mixed grains, 87.12; hay and clover, 71.12; flax, 77.23, and pasture, 82.31. By province the condition is between 80 and 90 for the maritime provinces, Quebec Ontario and Manitoba. In Saskatchewan and Alberta the outlook at the end of June appeared to be especially promising, as the condition was above 90 in all cases except fall wheat, the condition of which in Alberta was 70.27.

Estimates on Live Stock.

Estimates of the number of farm livestock in Canada at June 30 are given as follows:

Cattle, 2,245,000; Milch cows, 92,064,000; other cattle, 3,380,400; sheep, 2,118,400; swine, 3,254,400. These represent increases of 100,000 cattle, 100,000 sheep, 100,000 swine, and 100,000 horses published last year for all descriptions except "other cattle" the figures for which are based upon the census for 1911, for all the provinces except Saskatchewan, Alberta and British Columbia, show that the totals are still subject to final revision upon completion of the census results. The condition of all classes of livestock was reported as especially favorable on June 30, being 100 or above for horses, 100 cows, sheep and swine, and 97 for cattle other than milch cows.

## STREET RAILWAY

### STRIKE BREWING

Saskatoon Employees Displeased About Discharge of Chief Inspector.

Saskatoon, July 15.—Unless the city commissioners can satisfy the trouble with the street railway employees over the discharge of Chief Inspector Jack Carmichael, who was discharged some weeks ago, the union of street railway employees may declare a strike.

At last night's council meeting a petition was read, asking for a board of arbitration to enquire into the matter and the council finally refused such a request with the statement that they had been dealt with and that, as far as it went, the affair was settled. The board of the commissioners, who had already reported on the matter, to find out where the trouble was and with views to a speedy remedy.

# Both Stores Close Wednesday at 1 O'clock--The Morning Will Be Brimful of Irresistible Bargains

## JAMES RAMSEY LIMITED

Phone Private Exchange 1195

Your choice Wednesday morning at ..... \$5

**SEVEN EARTHQUAKES ARE RECORDED IN 7 DAYS**  
According to Victoria, Bismarck and Sydney. Seven earthquakes have been recorded on the Victoria seismograph in seven days. They occurred as follows: Sunday, July 4, at 9 a.m., distance of origin 1,500 to 2,000 miles, probably Australia. Monday, July 7, at 12 a.m., origin a little nearer than the former. Monday, July 7, at 10 a.m., a world recording earthquake was registered, reaching the pendulum here to swing nearly a quarter of an inch. It was probably in Asia Minor in the vicinity of Southern Italy. Tuesday, July 9, at 10.39 a.m., a record indicating an origin within 500 miles of Victoria and probably under the sea off the northwest part of Vancouver Island. Wednesday, July 9, at 2.52 p.m., origin from 2,000 to 2,500 miles distant. Thursday, July 9, at 4.02 p.m., origin about 800 miles distant, probably in the Indian Ocean. Saturday, July 12, at 8 a.m., a faint record was obtained of a shock at a long distance. London, July 15.—The Earl of Rockingham, son and heir of the fourth earl of Chelmsford, is engaged to marry Miss Sybil Sassoon, only daughter of Sir Edward Sassoon.

Wednesday all go at 8 for ..... 25c

# From Base- OPENING MARKET

Rest of the List Also Goes Ahead—American Securities Advance, Too.

London, July 15.—Continued progress of speculation, to a degree, paralleled since the business of buying and selling stocks attained the proportions as normal in the early part of the year. The market was buoyant, and the leading stocks passed off, influenced by the weakness of the copper group. A few exceptions notwithstanding, did not escape fractional limits. There was no appearance of life in the market at any time during the day, and the day's total of transactions was only 78,300 shares.

Weakness of the copper was associated with the rumor which has often done service in the past, although each time discredited subsequently, to the effect that the government was about to institute proceedings against importers of copper. Speculation broke into points to within a fraction of the year's low prices, and American securities advanced. Canadian Pacific also was exceptionally heavy and Union Pacific at the lagged behind.

The year's average of gold now amounts to \$84,885,000 of value, and the remainder to South America. There were few changes of importance in the bond market, although a number of well-known issues displayed a weak tendency. Total sales for the week \$1,040,000.

U. S. coupon advance half on call. **MONTREAL STOCK MARKET.** Montreal, Que., July 15.—The market was a sensational slump on the 14th, but today when Laureate dropped 1 1/2 to 1 3/4, and the new issue of stocks, the local Power went down four points also in sympathy to 201. Many speculators of Laureate are also holders of Power and were compelled to sell their holdings of the latter for cash in which were heavy losses for some time past. Otherwise the market was quiet. Prices: Toronto 12 1/2, U. S. 102 to 103, Spanish River 12, Brazilian 85 and Toronto 126.

## 25,000 NEEDED FOR HARVEST.

Winnipeg, July 15.—Hon. W. L. Motherwell, minister of agriculture for Saskatchewan, will be in the city, advised the local railway company that his province would this year require 25,000 men to assist in harvest operations.

## BUSINESS RESUMED BY BANK ORDERED CLOSED

First National at Keosaupee Opens Again on Advice From the Treasury Department at Washington.

Pittsburg, July 15.—The First National Bank of Keosaupee, Iowa, resumed business yesterday, after having been closed for several days by order of the treasury department.

## PRICE OF CALGARY MADE ASSISTANT TO THE G.M.

Goss East to Take Charge of Eastern Lines—Murphy General Superintendent For Montreal.

Montreal, Que., July 15.—Alfred Price, lately assistant superintendent over the Calgary division, has been appointed assistant general manager of eastern lines. The duties of general assistant superintendent of transportation have been abolished and Charles Murphy, who previously held this position, leaves for Winnipeg immediately to take the position of general assistant superintendent of the Montreal division.

## MASTER PAINTERS MEETING.

St. Catharines, Ont., July 15.—Delegates from various sections of Ontario are arriving for the annual convention of the Master Painters' association which opens here today.

The labor question, it is understood, will form a live subject.

W. P. Elliott of Fort George, B.C., is in the city on business.

# WINNIPEG MARKET OPENING WEAKER

Better Crop Prospects and Denial of Rust Story Cause Downward Tendency

Winnipeg, Man., July 15.—The market opened weaker this morning and declined appreciably throughout the morning on account of the denials of the damage from black rust in North Dakota. The splendid crop prospect was also a factor in the lower tendency of prices.

Winnipeg opened 1/4 lower to 1/2 higher and closed 1/4 to 1/2 lower. Minneapolis opened 3/4 to 1/2 lower and closed 1/2 to 1/4 lower. Cars in sight: Monday: 522 with 200 in sight. Cable: Liverpool unchanged to 1/2 higher, Paris 1/4 to 1/2 higher, Berlin 1/4 higher, London 1/4 higher, and Antwerp 1/4 higher.

## SUFFRAGETTES IN HIGH INDIGNATION

London, July 15.—Because a woman known as "Queenie" Tierard, who pleaded guilty to violating the white slave law, was sentenced to only three months while suffragettes are thrown into prison for long terms for breaking windows and throwing acid into pillar boxes, intense indignation has been manifested by suffragette supporters.

One of many letters to the newspapers this morning said:

"The deputy chairman of the London session offered the suffragettes and their friends the deepest insult possible by sentencing this notorious member of Mrs. Warren's profession to a short term for trifling in human flesh."

The police raid on "Ogoune" Tierard's establishment was highly sensational and had so much publicity that the contrast between her sentence and those of the suffragettes was quickly noticed.

MANY BRANDS OF BAKING POWDER CONTAIN ALUMINUM WHICH IS AN INJURIOUS ACID. THE INGREDIENTS OF ALUM BAKING POWDER ARE SELDOM PURE AND ALUM IS USUALLY REFERRED TO AS SULPHATE OF ALUMINA OR BODIC ALUMINIC SULPHATE.
